

Down By The River – Baldur's Gate 3 OST

Lace your heart with mine
Let your sleeping soul take flight
Take me through the night
Down, down, down by the river
Down, down, down by the river
Hanging moon in fog
Mists will lead where you belong
Sweep me off my feet
Down, down, down by the river
Down, down, down by the river
Down, down, down by the river
Inky embers
Swirl and dance
Just leave the flames and take a chance
To be with me tonight
Take my hand
And hold it tight
'Cause you and I are everywhere
The night is young, we're going
Down, down, down by the river
Down, down, down by the river
Down, down, down by the river
Don't wake me up
Just leave me there dreaming
