

# New Day For You – Basia Trzetrzelewska

Hello again it's me  
Your shoulder's where I sit  
The half, nobody sees,  
Of a silent partnership  
I am here your help at hand  
I'm never far away  
A clear view from where I stand  
I'll be there if you need me  
I am your helping hand  
My words you've heard them all before  
It's only for the sake of love  
It's gonna be a new day for you  
A new day for you  
The stars have played their part  
The past is gone and done  
Have more faith in love  
The best is yet  
To come  
So what is this I hear?  
You deserve a break  
Take time to think it out  
Don't make a new mistake  
I am here your help at hand  
It's gonna be a new day for you  
A new day for you,  
New day for you,  
New day for you  
The stars have played their part  
The past is gone and done  
Have more faith in love  
The best is yet  
To come  
My words you've heard them all before  
It's only for the sake of love  
The stars have played their part  
The past is gone and done

Have more faith in love  
The best is yet  
It's gonna be a new day for you  
A new day for you,  
New day for you,  
New day for you  
It's gonna be a new day for you  
A new day for you,  
New day for you,  
New day for you  
Hello again it's me  
Hello,  
Hello
