

Making Luv – BBX

Nothing compares of this
When I feel all over the world the love
Through the days
Through the nights
Waiting so long
I fall to fight
Now here I am
Standing so proud
Waking myself
My time is now
And with the world
I'm makin' love
With my heart
I'm makin' love
With my body
I'm makin' love
With my hands I am
I'm makin' love
I will always be sure of this
One love is the way to live
I won't look back
I won't look down
I will be strong
The time is now
Victorious!
I wear the crown
I'm undefeated
I run this town
And with the world
I'm makin' love
With my heart
I'm makin' love
With my body
I'm makin' love
With my hands I am
I'm makin' love

Makin' love with the world
I'm makin' love with the world
Makin' love with the world
I'm makin' love with the world
