

Safety net – Bea and her business

You dip, dip, dip, dip into my world
This time, what a shocker,
I'm a different girl
You're kick, kick, kick, kick,
Kicking yourself
You need somewhere to sleep,
I'm sure there's pillows in hell
"One day" could sound so inviting
But all that means is I'd be your side thing
So, no, thanks, I'm politely declining
I got bored waiting for you
To get your shit together
You really thought I'd be there
At your beck and call forever
You lost your chance,
Well, that's what you get
For thinking I would be your safety net
You wanna get a drink,
Now I'm the one who can't be bothered
How does it feel to know
A broken heart just made me hotter?
You lost your chance,
Well, that's what you get
For thinking I would be your safety net
Ha (Ha), ha (Ha), ha (Ha), ha
Ha (Ha), ha (Ha), ha (Ha), ha
Gave me all this chat,
In the end you always bailed on me
Had little nicknames,
One of them was your plan B
Go, go, go, take the big L
It's your turn to cry in bed
And listen to Adele
"One day" could sound so
Inviting
But all that means is I'd be

Your side thing
So, no, thanks, I'm politely
Declining
I got bored waiting for you
To get your shit together
You really thought I'd be
There at your beck and call
Forever
You lost your chance, well,
That's what you get
For thinking I would be your
Safety net
You wanna get a drink, now
I'm the one who can't be
Bothered
How does it feel to know a
Broken heart just made me
Hotter?
You lost your chance, well,
That's what you get
For thinking I would be your
Safety net
Ha (ha), ha (ha), ha (ha), ha
Ha(ha),ha(ha),ha(ha),ha
Ha(ha), ha (ha), ha (ha), ha
Ha(ha),ha (ha), ha (ha), ha
