

# Come out and play – Billie Eilish

Wake up and smell the coffee  
Is your cup half full or empty?  
When we talk, you say it softly  
But I love it when you're awfully quiet, quiet

You see a piece of paper  
Could be a little greater  
Show me what you could make her  
You'll never know until you try it  
You don't have to keep it quiet

And I know it makes you nervous  
But I promise you, it's worth it  
To show 'em everything you kept inside  
Don't hide, don't hide  
Too shy to say, but I hope you stay  
Don't hide away, come out and play

Look up, out of your window  
See snow, won't let it in though  
Leave home, feel the wind blow  
'Cause it's colder here inside in silence  
You don't have to keep it quiet

Yeah, I know it makes you nervous  
But I promise you, it's worth it  
To show 'em everything you kept inside  
Don't hide, don't hide  
Too shy to say but I hope you stay  
Don't hide away  
Come out and play
