

Iloilo – Billie Eilish

Told you not to worry
But maybe that's a lie
Honey, what's your hurry?
Won't you stay inside?
Remember not to get
Too close to stars
They're never gonna give
You love like ours
Where did you go?
I should know, but it's cold
And I don't wanna be lonely
So show me the way home
I can't lose another life
Hurry, I'm worried
The world's a little blurry
Or maybe it's my eyes
The friends I've had to bury
They keep me up at night
Said I couldn't love someone
Cause I might break
If you're gonna die,
Not by mistake
So, where did you go?
I should know, but it's cold
And I don't wanna be lonely
So tell me you'll come home
Even if it's just a lie
I tried not to upset you Let you rescue me the day
I met you I just wanted to protect you
But now I'll never get to
Hurry, I'm worried
Where did you go?
I should know, but it's cold
And I don't wanna be lonely
Was hoping you'd come home
I don't care if it's a lie
