

# Iloilo – Billie Eilish

Told you not to worry  
But maybe that's a lie  
Honey, what's your hurry?  
Won't you stay inside?  
Remember not to get  
Too close to stars  
They're never gonna give  
You love like ours  
Where did you go?  
I should know, but it's cold  
And I don't wanna be lonely  
So show me the way home  
I can't lose another life  
Hurry, I'm worried  
The world's a little blurry  
Or maybe it's my eyes  
The friends I've had to bury  
They keep me up at night  
Said I couldn't love someone  
Cause I might break  
If you're gonna die,  
Not by mistake  
So, where did you go?  
I should know, but it's cold  
And I don't wanna be lonely  
So tell me you'll come home  
Even if it's just a lie  
I tried not to upset you Let you rescue me the day  
I met you I just wanted to protect you  
But now I'll never get to  
Hurry, I'm worried  
Where did you go?  
I should know, but it's cold  
And I don't wanna be lonely  
Was hoping you'd come home  
I don't care if it's a lie
