Shelter – Birdy

I find shelter in this way Under cover, hide away Can you hear when I say I have never felt this way Maybe I had said something that was wrong Can I make it better With the lights turned on Maybe I had said something that was wrong Can I make it better With the lights turned on Could I be, was I there It felt so crystal in the air I still want to drown whenever you leave Please teach me gently how to breathe And I'll cross oceans like never before So you can feel the way I feel it too And I'll send images back at you So you can see the way I feel it too Maybe I had said something that was wrong Can I make it better With the lights turned on Maybe I had said something that was wrong Can I make it better
