Ready or not, here I come and I'm running

Like it's now or never,

I never know if you want it

What if love wasn't

what it was supposed to be?

What if there's no Romeo for me?

No hope, no roses, no more notes to read

So I keep my eyes closed to see

What I need is forever and forever baby,

not sometimes

When you want it then you best

come find me cuz I'm ready
