

# Cara Mia – Blanka

I got a thing for you  
You got a thing for me  
Losing my mind  
I got a lot to say  
Boy you're not listening  
Driving me wild  
So should I talk less and act  
A little difficult  
Kill my interest for you  
To wanna chase me baby?  
Shades on to make you feel invisible  
When the truth is  
I just want you to La la love me  
Baby  
I wanna see ya  
Make you  
My Cara mia mia mia  
So if you want me let me know  
Before I lose control  
I wanna see ya  
Make you  
My Cara mia mia mia  
So if you want let me know  
Or else I'm gonna go  
My Cara Mia  
Or else I'm gonna go  
My Cara Mia  
Under the disco lights  
Traveling side to side  
Teasing my eyes  
You're playing hard to get  
Spinning me like roulette  
Wasting our time  
So should I talk less and act  
A little difficult  
Kill my interest for you

To wanna chase me baby?  
Shades on to make you feel invisible  
When the truth is  
I just want you to La la love me  
Baby  
I wanna see ya  
Make you  
My Cara mia mia mia  
So if you want me let me know  
Before I lose control  
I wanna see ya  
Make you  
My Cara mia mia mia  
So if you want let me know  
Or else I'm gonna go  
My Cara Mia  
Or else I'm gonna go  
My Cara Mia  
My Cara Mia  
My Cara Mia  
Or else I'm gonna go
