

# Mirror Mirror – Blind Guardian Acoustic - Guitar & Violin by Thomas Zwijsen & Wik

Far, far beyond the Island  
We dwelt in shades of twilight  
Through dread and weary days  
Through grief and endless pain  
It lies unknown  
The land of mine  
A hidden gate  
To save us from the shadow fall  
The Lord of Water spoke  
In the silence words of wisdom  
I've seen the end of all  
Be aware the storm gets closer  
Mirror mirror on the wall  
True hope lies beyond the coast  
You're a damned kind can't you see  
That the winds will change  
Mirror mirror on the wall  
True hope lies beyond the coast  
You're a damned kind can't you see  
That tomorrow bears insanity  
Gone's the wisdom of a thousand years  
A world in fire, in chains and fear  
Leads me to a place so far  
Deep down it lies my secret vision  
I'll better keep it safe  
Shall I leave my friends alone  
Hidden in my twilight hall  
I know the world is lost in fire  
Sure there is no way to turn it  
Back to the old days  
Of bliss and cheerful laughter  
We're lost in barren lands  
Caught in the running flames  
Alone  
How shall we leave the lost road

Time's getting short so follow me  
A leader's task so clearly  
To find a path out of the dark  
Mirror mirror on the wall  
True hope lies beyond the coast  
You're a damned kind can't you see  
That the winds will change  
Mirror mirror on the wall  
True hope lies beyond the coast  
You're a damned kind can't you see  
That the winds will change  
Even though  
The storm calmed down  
The bitter end  
Is just a matter of time  
Shall we dare the dragon  
Merciless he's poisoning our hearts  
How shall we leave the lost road  
Time's getting short so follow me  
A leader's task so clearly  
To find a path out of the dark  
Mirror mirror on the wall  
True hope lies beyond the coast  
You're a damned kind can't you see  
That the winds will change  
Mirror mirror on the wall  
True hope lies beyond the coast  
You're a damned kind can't you see  
That the winds will change
