

Valhalla – BLIND Guardian

High in the sky Where eagles fly
Morgay the dark Enters the throne
Open wide the gate, friend
The king will come
Blow the horn and praise
The highest Lord
Who'll bring the dawn
He's the new god
In the palace of steel
Persuade the fate of everyone
The chaos can begin
Let it in
Hahahaha
So many centuries
So many Gods
We were the prisoners of our own fantasy
But now we are marching Against these Gods
I'm the wizard, I will change it all
Valhalla - Deliverance
Why've you ever forgotten me
Valhalla - Deliverance
Why've you ever forgotten me
Valhalla - Deliverance
Why've you ever forgotten me
Ooooooo VALHALLA
Valhalla - Deliverance
Why've you ever forgotten me
Valhalla - Deliverance
Why've you ever forgotten me
Valhalla - Deliverance
Why've you ever forgotten me
Ooooooo VALHALLA
Magic is in me
I'm the lost magic man
Never found what I was looking for
Now I found it but it's lost

The fortress burns
Broken my heart
I leave this world
All Gods are gone
So many centuries
So many Gods
We were the prisoners of our own fantasy
But then we had nothing Who'll lead our life
No, no, we can't live Without Gods
Valhalla - Deliverance
Why've you ever forgotten me
Valhalla - Deliverance
Why've you ever forgotten me
Valhalla - Deliverance
Why've you ever forgotten me
Oooooooo VALHALLA
Valhalla - Deliverance
Why've you ever forgotten me
Valhalla - Deliverance
Why've you ever forgotten me
VALHALLA
Valhalla - Deliverance
Why've you ever forgotten me
Valhalla - Deliverance
Why've you ever forgotten me
O oooooooooo
