

Sunny Days – Blue Cafe

Let me start by saying I don't give again
What they might for day real say
All the matters you feel is what I can hear
Sitting here in wandering if you really know
I can take away my eyes there of you
I really cannot give this let it love embrace
Sunny days are calling
Sunny days are calling
Sunny days are calling
Sunny days are calling
Baby all your worries I take betters mine
I'm here with you to make you smile
If you make me straight that
That's make me go wild
I just wanna you to for the lifetime
I don't wanna play above the stage
I wanna let them know you I'm live for life
Sunny days are calling
Sunny days are calling
Sunny days are calling
Sunny days are calling
Sunny days are calling
Sunny days are calling
Sunny days are calling
Sunny days are calling
