

# Testamente D'Amelia – Blue System

I had a dream - it was so though  
An endless street - a restless love  
She walked alone on the lonely road  
That's the story old friend told me  
She was seventeen  
She walked through the midnight rain  
Captured by a burning flame  
A car crashed - can't you see  
That's a minute passed to eternity  
She was seventeen - baby can't you see  
She was seventeen  
Oh we're crying out el testamente d'amelia  
'cause she's dying much too young  
Let us pray  
Oh, we're crying out el testamente d'amelia  
'cause she's dying in the sun  
Let us pray  
She said to me it's time to go  
Her blood was running through the snow  
Got a date in paradise -  
I saw the tears in her eyes  
You see - she was seventeen  
Oh, every time her life been down  
Heard a voice - oh, on the ground  
Dead was just a breath away  
Oh, I heard when she said to me :  
I'm seventeen  
Oh she said to me : I was seventeen  
Oh we're crying out el testamente d'amelia  
'cause she's dying much too young  
Let us pray  
Oh, we're crying out el testamente d'amelia  
'cause she's dying in the sun  
Let us pray
