

Straight from your heart – Bonnie Bianco

You bring your love to my life All my tears
And my strife You're always giving and easy
You took me to the seventh Heaven with your
True love I feel that only you can heal
The emtiness I've known Your open door will
Show The way to truth
Straight from your heart
Light in the dark The gift of your love
Shines on Straight from your heart When
Days are dreary and blue I turn my faith
Unto you You give me hope for tomorrow
Your morning star will shine Unto my soul
Forever This gift of love you gave to me
Was just a dream before I can't hold back
This love I feel for you Straight from
Your heart Light in the dark The gift of
Your love shines on Straight from your
Heart Straight from your heart Light
In the
Dark The gift of your love shines on
Straight from your heart This gift
Of love you gave to me Was just a
Dream before I can't hold back this
Love I feel for you Straight from
Your heart Light in the dark The
Gift of your love shines on
Straight from your heart
(Straight from your heart)
Straight from your heart
(Light in the dark) Light in the dark
(The gift of your love) shines on
Straight from your heart
