

Keep on – Bradley Jago

Every corner of my mind
Gonna fall from this high?
My heart
Ain't as calm
As I thought
It'd be
Scared for my life
Be my sanctuary
Scared for my life
Lean into me
All of my smiles begin with you
Just keep on loving baby
Just keep on loving
Oh and you show me how it's new
Just keep on loving baby
Just keep on loving
All of my skies they are so blue
Just keep on loving baby
Just keep on loving
How is it you want me
And my heart it wants you
Just keep on loving baby
Just keep on
Guessing all my tries
Every letter that I write
Asking myself
How you see it
How you see it
Through those eyes
Scared for my life
Be my clarity
Scared for my life
Fall into me
All of my smiles begin with you
Just keep on loving baby
Just keep on loving

Oh and you show me how it's new
Just keep on loving baby
Just keep on loving
All of my skies they are so blue
Just keep on loving baby
Just keep on loving
How is it you want me
And my heart it wants you
Just keep on loving baby
Just keep on
Just keep on loving baby
Just keep on loving babe
Just keep on loving baby
Just keep on loving babe
Just keep on loving baby
Just keep on loving babe
Just keep on loving baby
Just keep on, on, on
Keep on loving babe
Just keep on loving
Just keep on
Keep on loving
Just keep on
