

# Throne – Bring Me The Horizon

Remember the moment you left me alone and  
Broke every promise you ever made  
I was an ocean, lost in the open  
Nothing could take the pain away

So you can throw me to the wolves  
Tomorrow I will come back  
Leader of the whole pack  
Beat me black and blue  
Every wound will shape me  
Every scar will build my throne

The sticks and the stones that  
You used to throw have  
Built me an empire  
So don't even try  
To cry me a river  
Cause I forgive you  
You are the reason I still fight

So you can throw me to the wolves  
Tomorrow I will come back  
Leader of the whole pack  
Beat me black and blue  
Every wound will shape me  
Every scar will build my throne

So you can throw me to the wolves  
Tomorrow I will come back  
Leader of the whole pack  
Beat me black and blue  
Every wound will shape me  
Every scar will build my throne

I'll leave you choking  
On every word you left unspoken

Rebuild all that you've broken  
And now you know  
I'll leave you choking  
On every word you left unspoken  
Rebuild all that you've broken  
And now you know  
Every wound will shape me  
Every scar will build my throne

So you can throw me to the wolves  
Tomorrow I will come back  
Leader of the whole pack  
Beat me black and blue  
Every wound will shape me  
Every scar will build my throne
