

Temple Of Love – BWO

Want love oh oh oh oh
We all need love oh oh oh oh
We all want love oh oh oh oh
Get it right in the heat of the night
Bass is thumping crowd is jumping
Shake your body the beats keep on pumping
I'm excited candyguided
On the floor when we all dance united
Thunder rolls from the heavens above
When we enter the gates to the temple of love
Want love oh oh oh oh
We all need love oh oh oh oh
We all want love oh oh oh oh
Get it right in the heat of the night
We all want love oh oh oh oh
We all need love oh oh oh oh
We all want love oh oh oh oh
Get it right in the heat of the night
I'm on fire take me higher
Drown my heart in a pool of desire
Keep on shining intertwining
Feel aligned through the chemistry binding
Thunder rolls from the heavens above
When we enter the gates to the temple of love
Want love oh oh oh oh
We all need love oh oh oh oh
We all want love oh oh oh oh
Get it right in the heat of the night
Walk the rope in the temple of sin
Keep an eye on the records I spin
Through the gates to the temple of love
Where the DJ comes crashing
From the heavens above
Want love oh oh oh oh
We all need love oh oh oh oh
We all want love oh oh oh oh

Get it right in the heat of the night
We all want love oh oh oh oh
We all need love oh oh oh oh
We all want love oh oh oh oh
Get it right in the heat of the night
