

# Temple Of Love – BWO

Want love oh oh oh oh  
We all need love oh oh oh oh  
We all want love oh oh oh oh  
Get it right in the heat of the night  
Bass is thumping crowd is jumping  
Shake your body the beats keep on pumping  
I'm excited candyguided  
On the floor when we all dance united  
Thunder rolls from the heavens above  
When we enter the gates to the temple of love  
Want love oh oh oh oh  
We all need love oh oh oh oh  
We all want love oh oh oh oh  
Get it right in the heat of the night  
We all want love oh oh oh oh  
We all need love oh oh oh oh  
We all want love oh oh oh oh  
Get it right in the heat of the night  
I'm on fire take me higher  
Drown my heart in a pool of desire  
Keep on shining intertwining  
Feel aligned through the chemistry binding  
Thunder rolls from the heavens above  
When we enter the gates to the temple of love  
Want love oh oh oh oh  
We all need love oh oh oh oh  
We all want love oh oh oh oh  
Get it right in the heat of the night  
Walk the rope in the temple of sin  
Keep an eye on the records I spin  
Through the gates to the temple of love  
Where the DJ comes crashing  
From the heavens above  
Want love oh oh oh oh  
We all need love oh oh oh oh  
We all want love oh oh oh oh

Get it right in the heat of the night  
We all want love oh oh oh oh  
We all need love oh oh oh oh  
We all want love oh oh oh oh  
Get it right in the heat of the night
