

# The Great Commandment – Camouflage

Some people suppress you  
They patch you and reap a disaster  
Reeducation for the infants  
Who demanded for an innocent instance  
The great commandment shows the contempt  
Between the world and their  
Embarrassing pavement  
Believe the scholars, read the readings  
Realize the man who says anything  
The great commandment  
The needies believe you  
They treat you  
Like survivor of a disaster  
Reeducation for the infants  
Who demanded for an innocent instance  
The great commandment shows the contempt  
Between the world and their  
Embarrassing pavement  
Believe the scholars, read the readings  
Realize the man who says anything  
The great commandment shows the contempt  
Between the world and their  
Embarrassing pavement  
Believe the scholars, read the readings  
Realize the man who says anything  
The great commandment
