

Angel of night – Casablanca

Angel of night followed me with her light
I closed my eyes and she smiled for tonight
She's everything that a woman should be
Ready for me
I saw her dark silhouette on the wall
She felt so close as I reached for her love
Into her world I'm so ready to fall
Ready to fall
I know
That we can fly away
Together we can break the rules
I know
That we can get so far
And dance and wish upon (upon) a star
Give me your love and give me your
Love each day
(Give me your love, give me your love
Each day)
Give me your love and give me your shiny day
(Give me your love, give me your shiny day)
Right now
Angel of night touched my heart and my soul
Walked through my mind, took me out
Of control
Mystery woman, she's got hold of me
Won't set me free
Give me a path for a ride in the sky
Please let me love you if just for tonight
Give me a smile from your lips, oh, stay
Don't fly away
I know
That we can fly away
Together we can break the rules
I know
That we can get so far
And dance and wish upon (upon) a star

Give me your love and give me your love
Each day
Give me your love and give me your shiny day
(Give me, give me, give me your love
Each day)
(Give me your love, give me your love
Each day)
(Give me, give me, give me your shiny day)
(Give me your love, give me your shiny day)
Right now
Come here
Let me look in your eyes
I wanna talk right here with you
So hold me a little closer
I need you
I know
That we can fly away
Together we can break the rules
I know
That we can get so far
And dance and wish upon (upon) a star
Give me your love and give me your love
Each day
Give me your love and give me your shiny day
(Give me your love, give me your shiny day)
(Give me, give me, give me your love
Each day)
Yeah
(Give me, give me, give me your shiny day)
(Give me your love, give me your shiny day)
