

# Where does my heart beat now – Celine Dion

So much to believe in  
We were lost in time  
Everything i needed  
I fell into your eyes  
Always thought of keepin  
Your heart next to mine  
But now that seems so far away  
Don't know how love could leave  
Without a trace  
Where do silent hearts go?

Where does my heart beat now?  
Where is the sound  
That only echoes through the night?  
Where does my heart beat now?  
I can't live without  
Without feeling it inside  
Where do all the lonely hearts go?

Candle in the water  
Drifting helplessly  
Hiding from the thunder  
Come and rescue me  
Driven by the hunger  
Of the endless dream

I'm searching for the hand that i can hold  
I'm reaching for the arms that let me know  
Where do silent hearts go?

Where does my heart beat now?  
Where is the sound  
That only echoes through the night?  
Where does my heart beat now?  
I can't live without  
Without feeling it inside

Where do all the lonely hearts go?  
Where do all the lonely hearts go?

Then one touch overcomes the silence  
Love still survives  
Two hearts needing one another  
Give me wings to fly

Where does my heart beat now?  
Where is the sound  
That only echoes through the night?  
Where does my heart beat now?  
I can't live without  
Without feeling it inside
