Where Does My Heart Beat Now – Celine Dion

So much to believe in We were lost in time **Everything I needed** Felt into your eyes Always thought of keeping Your heart next to mine But now that seems so far away Don't know how love could leave without A trace Where do silent hearts go? Where does my heart beat now? Where is the sound That only echoes through the night? Where does my heart beat now? I can't live without Without feeling it inside Where do all the lonely hearts go? Candle in the water Drifting helplessly Hiding from the thunder Come and rescue me Driven by the hunger of the endless dream I'm searching for the hand that I can hold I'm reaching for the arms that let me know Where do silent hearts go? Where does my heart beat now? Where is the sound That only echoes through the night? Where does my heart beat now? I can't live without Without feeling it inside Where do all the lonely hearts go? Where do all the lonely hearts go? And when one touch Overcomes the silence Love still survives

Two hearts needing one another Give me wings to fly Where does my heart beat now? Where is the sound That only echoes through the night? Where does my heart beat now? I can't live without Without feeling it inside I need someone To give my heart to I feel it getting stronger and stronger And stronger The feeling lives inside Hearts are made to last Till the end of time
