

Unsaid Emily (female version) – Charlie Gillepsie

First things first

We start the scene in reverse

All of the lines rehearsed

Disappeared from my mind

When things got loud

One of us running out

I should've turned around

But I had too much pride

No time for goodbyes

Didn't get to apologize

Pieces of a clock that lies broken

If I could take us back,

if I could just do that

And write in every empty space

The words "I love you" in replace

Then maybe time would not erase me

If you could only know I never let you go

And the words I most regret

Are the ones I never meant to leave

Unsaid Emily

Silent days, mysteries and mistakes

Who'd be the first to break?

I guess we're alike that way

He said, she said conversations in my head

And that just where theyre gonna stay forever

If I could take us back,

If I could just do that

And write in every empty space

The words "I love you" in replace

Then maybe time would not erase me

If you could only know I never let you go

And the words I most regret

Are the ones I never meant to leave

Unsaid Emily

If I could take us back,

If I could just do that
And write in every empty space
The words "I love you" in replace
Then maybe time would not erase me
If you could only know I never let you go
And the words I most regret
Are the ones I never meant to leave
