

Bad Day – Charlotte Sands

I think I'm dyin'
My head is stuck
I woke up cryin'
This sucks
The world is endin'
It's all for what?
At least I'm trendin'
Uh!
Parents always yellin'
Tellin' us to get our act together
Treat us like our feelings are fake
Actin' like we're dumb
I bite my tongue
Like fine, okay, whatever
I don't really wanna explain
I had a no good, really bad, messed up day
And I'm stressed out
Super sad, not okay
I'm never gettin' better
No, it's not a phase
And I like it that way
I had a no good, really bad, messed up day
And I'm stressed out
Super sad, not okay
I'm never gettin' better
No, it's not a phase
And I like it that way
Can't pay attention
Just give me drugs
I'm learnin' nothin'
Fuck
Wish I felt everything less
Can I be sad for a minute
And not be depressed?
I'm hangin' on by a thread
Your hands on my neck

And now I'm out of breath
Parents always yellin'
Tellin' us to get our act together
Treat us like our feelings are fake
Actin' like we're dumb, I bite my tongue
Like fine, okay, whatever
I don't really wanna explain
I had a no good, really bad, messed up day
And I'm stressed out
Super sad, not okay
I'm never gettin' better
No, it's not a phase
And I like it that way
I had a no good, really bad, messed up day
And I'm stressed out
Super sad, not okay
I'm never gettin' better
No, it's not a phase
And I like it that way
We should get our act together
Treat us like our feelings are fake
I'm like fine, okay, whatever
They don't even care anyway
I had a no good, really bad, messed up day
And I'm stressed out
Super sad, not okay
I'm never gettin' better
No, it's not a phase
And I like it that way
I had a no good, really bad, messed up day
And I'm stressed out
Super sad, not okay
I'm never gettin' better
No, it's not a phase
And I like it that way
