

# Nearly Forgot My Broken Heart – Chris Cornell

Every time I stare into the sun  
Trying to find a reason to go on  
All I ever get is burned and blind  
Until the sky bleeds the pouring rain

When you came along the time was right  
Pulled me like an apple red and ripe  
Wasn't very long you took a bite  
And did me wrong, and it serves me right

And I nearly forgot my broken heart  
It's taking me miles away  
From the memory of how it broke apart  
Here we go round again, again

Every little key unlocks the door  
Every little secret has a lie  
Try to take a picture of the sun  
It won't help you to see the light  
Every little word upon your lips  
Makes a little cut where blood pours out  
Every little drop of blood a kiss that I won't miss  
Not for anything

And I nearly forgot my broken heart  
It's taking me miles away  
From the memory of how it broke apart  
Here we go round again

Every single feeling tells me this is leading to a heart  
In broken little pieces and you know I need this  
Like a hole in the head

Every single feeling tells me this is leading to a heart  
In broken little pieces and you know I need this  
Like a hole in the head

And I nearly forgot my broken heart  
It's taking me miles away,  
From the memory of how it broke apart  
Here we go round again

And I nearly forgot my broken heart  
It's taking me miles away,  
From the memory of how it broke apart  
Here we go round again
