

# Broken Heroes – Chris Norman

Love is like a loser's game  
I'll never play again  
I'm through with love forever  
Oh  
I'm like a fallen star  
Love can leave a scar  
It's raining in my heart  
Babe  
Yes  
It's true  
I'm still missing you  
Broken heroes and fallen angels  
Broken dreams and hearts of stone  
There's no smoke  
Girl  
Without a fire  
And I'm standing here alone  
All alone  
How much have I sacrificed?  
My heart aches deep inside  
In the name of love  
Girl  
And how much time and loneliness  
I traded for a kiss  
It's raining in my heart  
Babe  
Yes  
It's true  
I'm still missing you  
Broken heroes and fallen angels  
Broken dreams and hearts of stone  
There's no smoke  
Girl  
Without a fire  
And I'm standing here alone  
Broken heroes and fallen angels

Broken dreams and hearts ot stone  
There's no smoke  
Girl  
Without a fire  
And I'm standing here alone
