

# Midnight Lady – Chris Norman

You think love is a game  
Love is a motion  
Endless and so deep  
Always emotion  
I've got many ways  
To reach tomorrow  
Love will always grow  
No pain, no sorrow  
When you take me in your arms  
You can break me with your heart  
I feel the magic of your charm  
Oh, you're tearing me apart  
Midnight lady, love takes time  
Midnight lady, it's hard to find  
Midnight lady, I call your name  
I know you can ease my pain  
Midnight lady, just you and me  
Midnight lady, eternaly  
Midnight lady, I can fly in your arms  
I'll get high  
Magic touched my life  
I'm still dreaming  
Anything before has lost its meaning  
Heaven in your eyes  
My soul is on fire  
Oh, my feelings grow, we can't go higher  
Oh, I just want a girl  
Baby, just to call my own  
And I just wanna dream  
I don't have to dream alone  
Midnight lady, love takes time  
Midnight lady, it's hard to find  
Midnight lady, I call your name  
I know you can ease my pain  
Midnight lady, just you and me  
Midnight lady, eternaly

Midnight lady, I can fly in your arms  
I'll get high  
Midnight lady, just you and me  
Midnight lady, eternaly  
Midnight lady, I can fly in your arms  
I'll get high
