

# Wil Wild Angel – Chris Norman

Oh the ocean is deep  
And my heart cannot sleep  
'Cause the wind blows my heart to you  
And it cuts like a knife  
Every time you say goodbye  
You're a wild wild angel just for me  
'Cause my heart cries so loud  
But you don't hear the sound  
I can love you till I die  
Wild wild angel rescue me  
Wild wild angel can't you see  
Oh wild wild angel it's too late to cry  
Wild wild angel come to me  
Wild wild angel can't you see  
Oh wild wild angel gimme one more try  
Oh you're hearing my heart  
But it's breaking apart  
'Cause your love is so hard to find  
And I'm too proud to cry  
But too real to live a lie  
You're a wild wild angel all the time  
'Cause my heart has no pride  
And I know it's not right  
I will love you till I die  
My wild wild angel
