

I Bet You Don't Curse God – Christina Grimmie

I bet you don't curse God,
When the doctor calls, with a
-stern voice and the test results, and he
-asks you to come in right away

I bet you don't curse God
When you're on a plane, in a
-turbulance, pourin' rain, and you're
-hoping that you'll make it out okay

Everybody cries
We've all faked a smile
When your back's against the wall
And your hands are tied

There's pain, Life hurts
There's a thousand things
You think you don't deserve
All hope is lost
When You spend it all
And you just can't beat the odds
I bet you don't curse God
I bet you don't curse God

I bet you don't curse God
When your child is gone, and he
-ain't picking up the phone, and it's
2 am on a Saturday in July

I bet you don't curse God
At your bottom line, and your
-credit cards are all declined, and you
-don't know where you're gonna sleep tonight

Everybody cries
We've all faked a smile

When your back's against the wall
And your hands are tied

There's pain, Life hurts
There's a thousand things
You think you don't deserve
All hope is lost
When You spend it all
And you just can't beat the odds
I bet you don't curse God
I bet you don't curse God

I bet you don't curse God
When you're dying in bed
About to take your one last breath, and you're
-holding on before you say goodnight

There's pain, Life hurts
There's a thousand things
You think you don't deserve
When all hope is lost
When You spend it all
And you just can't beat the odds
I bet you don't curse Good
I bet you don't curse Gooooood

I bet you don't curse God
