

I Never Told You – Colbie Caillat

I miss those blue eyes
How you kissed me at night
I miss the way we sleep
Like there's no sunrise
Like the taste of your smile
I miss the way we breathe
But I never told you
What I should have said
No, I never told you
I just held it in
And now I miss everything about you
I can't believe that I still want you
After all the things we've been through
I miss everything about you
Without you, whoa
I see your blue eyes
Every time I close mine
You make it hard to see
Where I belong to when I'm not around you
It's like I'm not with me
But I never told you
What I should have said
No, I never told you
I just held it in
I can't believe that I still want you
After all the things we've been through
(I know it's never gonna come again)
I miss everything about you
Without you, whoa
But I never told you
What I should have said
No, I never told you
I just held it in
And now I miss everything about you
I can't believe that I still want you
After all the things we've been through

(I know it's never gonna come again)
I miss everything about you
Without you, whoa, no, no, no, mm, no
