

From Can to Can't – Corey Taylor ft. Dave Grohl (Sound City)

Under the water
It's cold and it's grey
My torrid autumn
Another season decays
Open up the Hollow
And my walls come down
I tell you it's a problem
Just when no one's around
But then
I know what's wrong
God, you complicated everything
I know you're gone, gone, gone
This is where I will draw my line
I will draw my line
Burning my cathedrals
'Cause I don't pray anymore
Look at all of these people,
Tragic little people
They smile and then they don't know what for
But then
I know what's wrong
God, you complicated everything
I know you're gone, gone, gone
This is where I will blur my line
I will blur my line
Yeah!
Our houses are haunted, Dark and deserted
They're made of my secrets and shame
Maybe I want it but now I'm not worth it
I can't even tell you my name
But then
I know what's wrong
God, you complicated everything
I know you're wrong
God, you took it all away from me

I know you're gone, gone, gone
This is where I will cross my line
I am crossing my line
