

Follow You Anywhere – Cosmic Gate & Nathan Nicholson

[Intro]

Said I'd follow you, follow you anywhere

[Verse 1]

You're always in my conversation

Always you that strikes the chord

Without you around I feel nervous

In a crowded bar staring at the door

[Refrain]

Said I'd follow you, follow you anywhere

Said I'd follow you, follow you anywhere

Follow you to paradise

[Verse 2]

You've no idea you hold the power

The atmosphere rests on a whim

So how's the view from your ivory tower?

I can get close but I can't come in

[Refrain]

Said I'd follow you, follow you anywhere

Said I'd follow you, follow you anywhere

Follow you to paradise

[Post-Refrain]

Follow you to paradise

Follow you to paradise

Follow you anywhere

Follow you to paradise

[Instrumental Build]

[Instrumental Drop]

[Outro]

Follow you to paradise

Follow you to paradise

Said I'd follow you, follow you anywhere

Said I'd follow you, follow you anywhere

Follow you to paradise
