

# Think About Things – Daði & Gagnamagnið

Baby, I can't wait to know  
Believe me, I'll always be there, so

Though I know I love you  
I find it hard to see how you feel about me  
'Cause I don't understand you  
Oh, you are yet to learn how to speak  
When we first met  
I will never forget  
'Cause even though I didn't know you yet  
We were bound together, then and forever  
And I could never let you go

Baby, I can't wait to know  
What do you think about things  
Believe me, I will always be there, so  
You can tell me anything and I'll listen

When we are together  
There isn't anywhere that I would rather be  
Three birds of a feather  
I just hope you enjoy our company  
It's been some time  
And though hard to define  
As if the stars have started to align  
We are bound together, now and forever  
And I will never let you go

Baby, I can't wait to know  
What do you think about things  
Believe me, I will always be there, so  
You can tell me anything and I'll listen

I might even know what to say  
But either way, at least I'll be there

Baby, I can't wait to know  
What do you think about things  
Believe me, I will always be there, so  
You can tell me anything and I'll listen
