

Hold on love – Dan Balan

Wild
Inner fights
I won't ignore
Them anymore
My crime
Is human kind
I'd bare it all
To change my world
It sleeps more than often
It sleeps more than often
Free my hidden laughter
Free the wild man
Hold On Love
All the love is there
Love is there
All the love is there
Tied
Blindfold eyes
My sins are raw
Now and before
All night
My instincts fight
These deepest wrongs-
Devided worlds
It sleeps more than often
It sleeps more than often
Free my hidden laughter
Free the wild man
And hold
Hold On Love
All the love is there
Love is there
All the love is there
Hold
Hold On Love
All the love is there

Just find the reason
Hold
Hold On Love
All the love is there
Love is there
All the love is there
Hold
Hold On Love
All the love is there
