

It Is You (I Have Loved) – Dana Glover

There is something that I see
In the way you look at me
There's a smile, there's a truth
In your eyes
But in an unexpected way
On this unexpected day
Could it mean this is where I belong
It is you I have loved all along
It's no more a mystery,
It is finally clear to me
You're the home my heart searched for so long
And it is you I have loved all along
There were times I ran to hide
Afraid to show the other side
Alone in the night without you
But I know just who you are
And I know you hold my heart
Finally this is where I belong
And it is you I have loved all along
It's no more a mystery,
It is finally clear to me
You're the home my heart searched for so long
It is you I have loved all along
Over and over I'm filled with emotion
Your love rushes through my veins
And I am filled with the sweetest devotion
As I look into your perfect face
It's no more a mystery,
It is finally clear to me
You're the home my heart searched for so long
It is you I have loved
It is you I have loved
It is you I have loved all along
