

Radio – Danny Saucedo

Radio, the radio, video
Radio, the radio, video
He looks like a million dollar to you
Tell me does he heal your heart like I do
I know he's everything I'm not
You say he makes your life complete
But do you ever think of me
Don't lie I know that you can hear me
When I'm on radio, the radio
I'm on the video
Like oh oh ooh
Radio, the radio
I'm on the video
Like oh oh ooh
You think his money will do you right
But they won't keep you warm through the night
I know I'm everything he's not
You say he makes your life complete
But I know you think of me
Don't lie I know that you can hear me
When I'm on radio, the radio
I'm on the video
Like oh oh ooh
Radio, the radio
I'm on the video
Like oh oh ooh
Radio, the radio, video
Radio, the radio, video
When I'm on radio (radio), the radio (radio)
I'm on the video
Like oh oh ooh
Radio (radio), the radio (radio)
I'm on the video
Like oh oh ooh
When I'm on radio, the radio
I'm on the video

Like oh oh ooh
Radio, the radio
I'm on the video
Like oh oh ooh
