Blood and tears - Danzig

Blood and tears

Blood and tears

Since you've been gone

I hear you've been crying

Blood and tears

All alone

In your misery

So alone

Could you have

Been deceived

Since I've been gone

I hear you been crying

You cry a thousand tears

Darling don't despair

I know your heart still bleeds

Darling don't you care

There's blood in your tears

All alone

In your misery

So

All alone

You are lost

Endlessly

Since you've been gone

I hear you been crying

You cry a thousand tears

Darling don't despair

I know your heart still bleeds

Darling don't you care

You cry a thousand tears

Darling don't despair

I know your heart still bleeds

Darling don't you care

There's blood in your tears

Yeeeeeeahh

You cry a thousand tears

Darling don't despair
I know your heart still bleeds
Darling don't you care
You cry a thousand tears
Darling don't despair
I know your heart still bleeds
Darling don't you care
There's blood in your tears
There's blood in your tears
Blood and tears
Blood and tears
Blood and tears
