On Repeat - David Guetta ft. Robin Schulz

Live the life you wanna lead Spend the same day on repeat On repeat, on repeat, on repeat Isolate yourself from me Spend the same day on repeat On repeat, on repeat, on repeat Keep on floating through a dream If this is who you wanna be Wanna be, wanna be, wanna be Trying to serve, afraid to see On the run from something real Something real, something real On repeat On repeat On repeat On repeat But it's you again Was always wondering where to begin But it's you again Was always wondering where to begin Live the life you wanna lead Spend the same day on repeat On repeat, on repeat, on repeat Isolate yourself from me Spend the same day on repeat On repeat, on repeat, on repeat On repeat Live the life you wanna lead Spend the same day on repeat On repeat, on repeat, on repeat Isolate yourself from me Spend the same day on repeat On repeat, on repeat, on repeat Keep on floating through a dream If this is who you wanna be

Wanna be, wanna be, wanna be

Trying to serve, afraid to see On the run from something real Something real, something real On repeat
