## Fall Into You - David Hodges & Amy Lee

Seems	SO	far

That I have gone down this road

Only to find that it ends

But looking back

There is one thing that I know

I can't make it all alone again

Cause I'm too weak to stand on my own

But all I need is you

So lead me

Guide me

Hold me

Hide me in love

With all that you are

And all that you do

Hear me

Take me

Mold me

Break me oh God

Just fill all of me

As I fall into you

Just catch me as I fall

But all this time

I have felt so alone

Losing myself in my despair

With loving arms

You were waiting for me to let go

With every step

You were there

Cause I'm too weak to stand on my own

But all I need is you

So lead me

Guide me

Hold me

Hide me in love

With all that you are

And all that you do

Hear me

Take me

Mold me

Break me oh God

Just fill all of me

Oh my child

How I have longed

For you to come home

Where you belong

All of your life if you could just see

All of my joy when you are here with me

Oh my child

Lead me (How I have longed)

Guide me (For you to come home)

Hold me (To where you belong)

Hide me in love (All of your life)

With all that you are

(If you could just see all of my joy)

And all that you do

(When you are here with me)

Hear me

Take me

Mold me

Break me oh God

Just fill all of me

As I fall into you
