

Don't Break My Heart – Den Harrow

You took me by surprise
Just like a rainbow in the night
When I looked in your eyes
I could see diamonds shining bright
I never realized
You'd be the one to make it right
You got me hypnotized
Before my life was black and white
You and me make a team
I want you near me every day
Last night I had a dream: You went away
Don't break my heart
Don't let me down
Don't break my heart
Don't make me frown
We're getting serious
Life by your side can be so nice
You're so mysterious
Yesterday you were cold as ice
I wonder how you feel
If all your feelings are the same
When are your smiles for real?
Or is it a game?
Don't break my heart
Don't let me down
Don't break my heart
Don't make me frown
Don't break my heart
Don't let me down
Don't break my heart
Don't make me frown
Don't break my heart
Don't let me down
Don't break my heart
Don't make me frown
