

# Hold On Just A Little While Longer – Detroit Become Human

Hold on just a little while longer  
Hold on just a little while longer  
Hold on just a little while longer  
Everything will be alright  
Everything will be alright  
Fight on just a little while longer  
Fight on just a little while longer  
Fight on just a little while longer  
Everything will be alright  
Everything will be alright  
We'll sing on just a little while longer  
Sing on just a little while longer  
Sing on just a little while longer  
Everything will be alright  
Everything will be alright  
Everything will be  
Alright
