

Hold on – Detroit: Become Human

Hold on just a little while longer
Hold on just a little while longer
Hold on just a little while longer
Everything will be alright
Everything will be alright

Fight on just a little while longer
Fight on just a little while longer
Fight on just a little while longer
Everything will be alright
Everything will be alright

We'll sing on just a little while longer
Sing on just a little while longer
Sing on just a little while longer
Everything will be alright
Everything will be
Alright
