

I Am – Digtord

I am a cold sweat
I am running down your neck
I am a flat tire
You are running late
I am a time bomb ticking
I'm the cause and the end of everything
I'm the map that leads astray
When you've lost your way
I am pain, when it hurts
Morphine for dessert
I am rain when it pours
I'm peace I am wars
I am love, I am hate
Some people call me fate
Call me what you like
I'm life
I am law and order
I am revolution
I am a wall on the border
I am devolution
I am the wings that fail
When you try to fly
I am truth and lie
I am the question why
I am pain, when it hurts
Morphine for dessert
I am rain when it pours
I'm peace I am wars
I am love, I am hate
Some people call me fate
Call me what you like
I'm life
I am the beautiful
Psycho as usual
I am the lips that thrills
I am the kiss that kills

I am the singalong
I am the graveyard song
I am diztord
Ignored
I am a cold sweat
I am running down your neck
I am a flat tire
You are running late
I am a timebomb ticking
I'm the cause and the end of everything
I am the map that leads astray
When you've lost your way
I am pain, when it hurts
Morphine for dessert
I am rain when it pours
I'm peace I am wars
I am love, I am hate
Some people call me fate
Call me what you like
I'm life
I am the beautiful
Psycho as usual
I am the lips that thrills
I am the kiss that kills
I am the singalong
I am the graveyard song
I am diztord
Ignored
