

I'm Not Loving It – Doda

You see me now, you see me now,
But I won't fall
A moonless sky on a hazy night, I'm lost
I became addicted to your touch
But I won't let you feed another lie
Fighting all the demons in my mind
My mind, oh
I'm not loving it, but
No, there's no stopping it
I don't love the way I crave you now
I'm not loving it, but
No, there's no stopping it
I give into every wrong desire
Slay away
Stay away, boy
Slay away
I don't wanna
Slay away
Stay away, boy
Slay away
I don't wanna
You fooled me once, fooled me twice,
'cause I've been blind
But every time I try to leave you behind,
I'm yours
I became addicted to your touch
But I won't let you feed another lie
Fighting all the demons in my mind
My mind, oh
I'm not loving it, but
No, there's no stopping it
I don't love the way I crave you now
I'm not loving it, but
No, there's no stopping it
I give into every wrong desire
Slay away

Stay away, boy
Slay away
I don't wanna
Slay away
Stay away, boy
Slay away
I don't wanna
I don't
