Rocky – Dog Eat Dog

You're just like the kid next door Still too young and immature You always seem to hang around When you're wanted you're always found Why do you embarrass me So everyone can see As keep it out i love TV Hey Rocky I hate to say I wish you would just go away Don't come back another day OK Hey Rocky I hate to say I wish you would just go away Don't come back another day OK What did you come here for Don't wanna be insecure It's about time that you went home So go away leave me alone Why do you embarrass me So everyone can see As keep it out i love TV Hey Rocky I hate to say I wish you would just go away Don't come back another day OK Hey Rocky I hate to say I wish you would just go away Don't come back another day OK
