Love Is Blind – Donny Montell

When the day becomes the night
You know that I think of you
And I cannot control my heart, it's crying for you
Loneliness is killing me, I'm helpless without your love
Knowing when you touch someone, I can't understand
Now it's tearing me apart, I want you back
And it's made me realise how far I am
Love is blind, it's true nobody is like you
My endless melody I play for me and you
Love is blind, it's true, I'm on my knees for you
I'd give it all I can to have you back again
Love is blind
I just can't believe you're gone and I let it slip away
I can't believe I was the one who caused you a pain
I said you should know deep down inside
She didn't mean a thing to me, yeah
What can I do to win back your heart and make you stay?
I can't believe, can't believe you're gone
I can't believe
Love is blind, it's true nobody is like you
My endless melody I play for me and you
Love is blind, it's true, I'm on my knees for you
'Cause I'd give it all I can to have you back again
Love is blind
Love is blind
