

# So Beautiful – DPR IAN

I think I've got my sight for you  
I don't mean to let it brew  
I thought I thought it through  
Now come on you know I just get confused  
Come get your funky love story  
I love it when the skies can't sleep  
I left a message encased in me  
So bye bye (so bye bye)  
A flawless ending  
So beautiful  
You're so  
Let's take a trip down a dark place baby  
Look for me now I'm not that (crazy)  
Let's talk about what makes you happy  
Because I know (I know)  
I'm calling for you  
Come get your funky love story  
I love it when the skies can't sleep  
I left a message encased in me  
So bye bye (so bye bye)  
A flawless ending  
So beautiful  
My love is turning kinda grey  
(I love it when you sing)  
My heart is looking the other way  
My love is turning kinda grey  
(she loves it when you sing)  
My heart is looking the other way  
Come get your funky love story  
I love it when the skies can't sleep  
I left a message encased in me  
So bye bye (so bye bye)  
A flawless ending  
A flawless ending  
So beautiful
