

# Drake - Teenage Fever – Drake

Your heart is hard to carry after dark

You're to blame for what we could have been  
'Cause look at what we are

Your friends are scared to tell you, you went too far

Funny that it's always been all about you from the start

I met someone new last night and we kicked it

And I'm going back there tonight

And you know what's on my mind, this time  
Going back there tonight

And you know what's on my mind

If you had my love  
And I gave you all my trust  
Would you comfort me?

And if somehow you knew  
That your love would be untrue  
Would you lie to me?

If you had my love  
And I gave you all my trust  
Would you comfort me?

And if somehow you knew  
That your love would be untrue  
Would you lie to me?

Out of body

That's just how I feel when I'm around you, shawty

Last night we didn't say it  
But girl, we both thought it

Why second guess? I should have stayed

You say the word, I'm on the way

This shit feels like teenage fever

I'm not scared of it, she ain't either

Why second guess? I should have stayed

'Cause you know what's on my mind tonight

If you had my love  
And I gave you all my trust  
Would you comfort me?

And if somehow you knew  
That your love would be untrue  
Would you lie to me?

If you had my love  
And I gave you all my trust  
Would you comfort me?

And if somehow you knew  
That your love would be untrue  
Would you lie to me?
