Mercy – Duffy

Hit the beat
And take it to the verse, now

Yeah, yeah, yeah
Yeah, yeah, yeah
Yeah, yeah, yeah
Yeah, yeah, yeah

I love you
But I gotta stay true
My morals got me on my knees
I'm begging, please
Stop playing games

I don't know what this is, but you got me good
Just like you knew you would
I don't know what you do, but you do it well
I'm under your spell

You got me begging you for mercy
Why won't you release me?
You got me begging you for mercy
Why won't you release me?
I said release me

Now you think that I
Will be something on the side
But you got to understand
That I need a man
Who can take my hand, yes I do

I don't know what this is, but you got me good
Just like you knew you would
I don't know what you do, but you do it well
I'm under your spell

You got me begging you for mercy
Why won't you release me?
You got me begging you for mercy
Why won't you release me?
I said you'd better release me
Yeah, yeah, yeah

I'm begging you for mercy
You look at me and think we're the same kind
'Cause you don't know what I got and
Just why won't you release me?
I'm gonna get more than I'm asking for
But I just don't want to waste my time
I'm begging you for mercy
You know that I'll be the other girl
Just like there's nothing in this world
You got me begging
You got me begging
You got me begging
I know that I'm gonna get me some
I just don't know where to get it from

Mercy, why won't you release me?
I'm begging you for mercy
Why won't you release me?
You got me begging you for mercy, yeah

I'm begging you for mercy (Mercy, mercy, show me some mercy)
I'm begging you for mercy (Mercy, mercy, show me some mercy)
I'm begging you for mercy (Mercy, mercy, show me some mercy)
I'm begging you for mercy (Show me some mercy, show me some mercy)
Why won't you release me?
Yeah, yeah, break it down

Mercy, show me some mercy
You got me begging
Begging you for mercy
You got me begging
Down on my knees, I beg
You got me begging

Begging you for mercy
You got me begging...

Słowa: Duffy, S. Booker
Muzyka: Duffy, S. Booker
